Washington County Building (Basement) Training Room

First come, first serve register soon!

Sign up to participate in the role playing activity, all roles will be assigned randomly upon arrival.

A Poverty Simulation is an opportunity to participate in an experience that will sensitize you to the day to day realities of life for people with low incomes trying to survive. Participants assume the roles of under-resourced family members living on a limited budget. There will be opportunities to interact with other volunteers playing the roles of service providers and other community agency employees to obtain help. After participating in the simulation, many share that they could "feel the chaos and fear caused by living in poverty". Participants begin to understand some of the difficult choices that must be made on a daily basis.

SPACE IS LIMITED, please register on Eventbrite at:
