## Workforce Funds Reminder

Workforce staff members have been actively reaching out recently to partners who have yet to pursue or who have had limited engagement pursuing workforce funding opportunities. Organizations involved in training that directly supports the successful implementation of a DSRIP project for which they are a participant may submit a Training Fund application. If you are recruiting for a key position that supports the successful implementation of a DSRIP project for which you participate, you may also submit a Recruitment and Retention Fund application. Applications are accepted on a rolling basis and reviewed monthly.

Applications and guidelines can be found on the [Workforce Recruitment/Retention and Training Funds](#) web page.

Please contact workforce staff directly at [dsripworkforce@ahihealth.org](mailto:dsripworkforce@ahihealth.org) with any questions.
