New York State Health Foundation Awards

To mark its 10th anniversary in 2016, the New York State Health Foundation (NYSHealth) has created two special awards programs to recognize a total of ten influential organizations and/or leaders working to improve health in New York State.

Call for Nominations: The [Luminary Awards](#) will recognize established leaders who have had significant impact on the health of New Yorkers over the past 10 years. Only current and/or past NYSHealth grantees are eligible for these awards, which include \$5,000 to the New York nonprofit that employs the award winner.

Call for Applications: The [Emerging Innovator Awards](#) will provide \$25,000 to New York-based nonprofits poised to change health radically over the next 10 years. We expect that many of these innovators will come from outside of traditional health care organizations: folks working in the arts, architecture, education, housing, transportation, environment, etc.

Time is Running Out! Register for a Regional Health Innovation Team (RHIT) Meeting

As AHI was positioning itself to apply to New York State to become a lead Performing Providers System (PPS), we convened stakeholders in our nine-county service area to discuss the unmet needs of the communities and the barriers to accessing care. Referred to as RHIT (Regional Health Innovation Team), AHI relies on these stakeholder groups to engage community partners, and play an active role in DSRIP projects. RHIT meetings are open to any representative who is interested in learning about Delivery System Reform Incentive Payment (DSRIP) projects and how the success of the work of the PPS and its partners will affect the health of our communities.

Time is running out! RHIT meeting registration for an update on DSRIP activities is wrapping up. Meetings are open to everyone to attend any RHIT meeting location. Preliminary agenda:

- Announcement of the PPS Innovation and Sustainability Funds Application Process
- PPS Organizational Component Progress Reports
- Partner Project Showcase
- PPS Engagement with Community Based Organizations
- Regional Health Information Technology Update
- Communications and Managing Your PPS Team
