### Connecting Medicaid Beneficiaries to Social Supports Webinar Dec. 7

The effects of socioeconomic factors are particularly pronounced for Medicaid beneficiaries with a mental health and/or substance use disorder diagnosis. In a free webinar, Manatt and the Anthem Public Policy Institute examine the growing role of Medicaid managed care in addressing this issue.

The webinar is being held from 1:00—2:00 p.m., Wednesday, December 7.

For more information and to register, visit the [Manatt](#) website.
